Tileworks

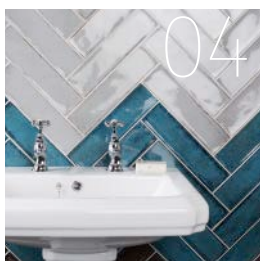

Tileworks

Here's our 2017 collection of contemporary tiles, reflecting exciting trends in interior design, with formats and finishes suitable for every taste, location and setting.

A multitude of size formats, innovative textures, a wide range of finishes, colours and effects using the latest ink jet technology – we are constantly seeking out porcelain and ceramic tiles from around the world to offer you a collection that is both beautiful and practical.

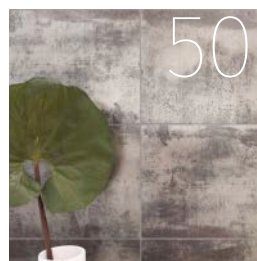

New Products

Introducing the latest additions to the collection

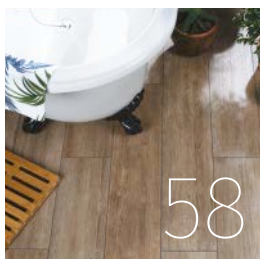

Stone Effect

A range of porcelains and ceramics with the look of natural stone

Metal Effect

Glazed porcelain tiles with the patina of worn and rusted metals

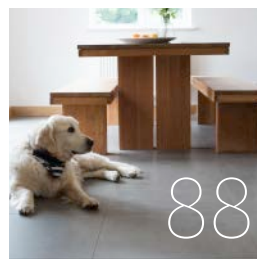

Wood Effect

All the character of wood and the practicality of porcelain

Concrete Effect

These tiles have the look and feel of concrete and cement

Neutrals

Tiles from the neutrals palette

Feature Tiles

Interesting textures and show stopping designs

Custom Finishing

Our bespoke service for a flawless finish

Important Information

Tile calculator, symbols key, technical information & index

Index on pages 137 - 142

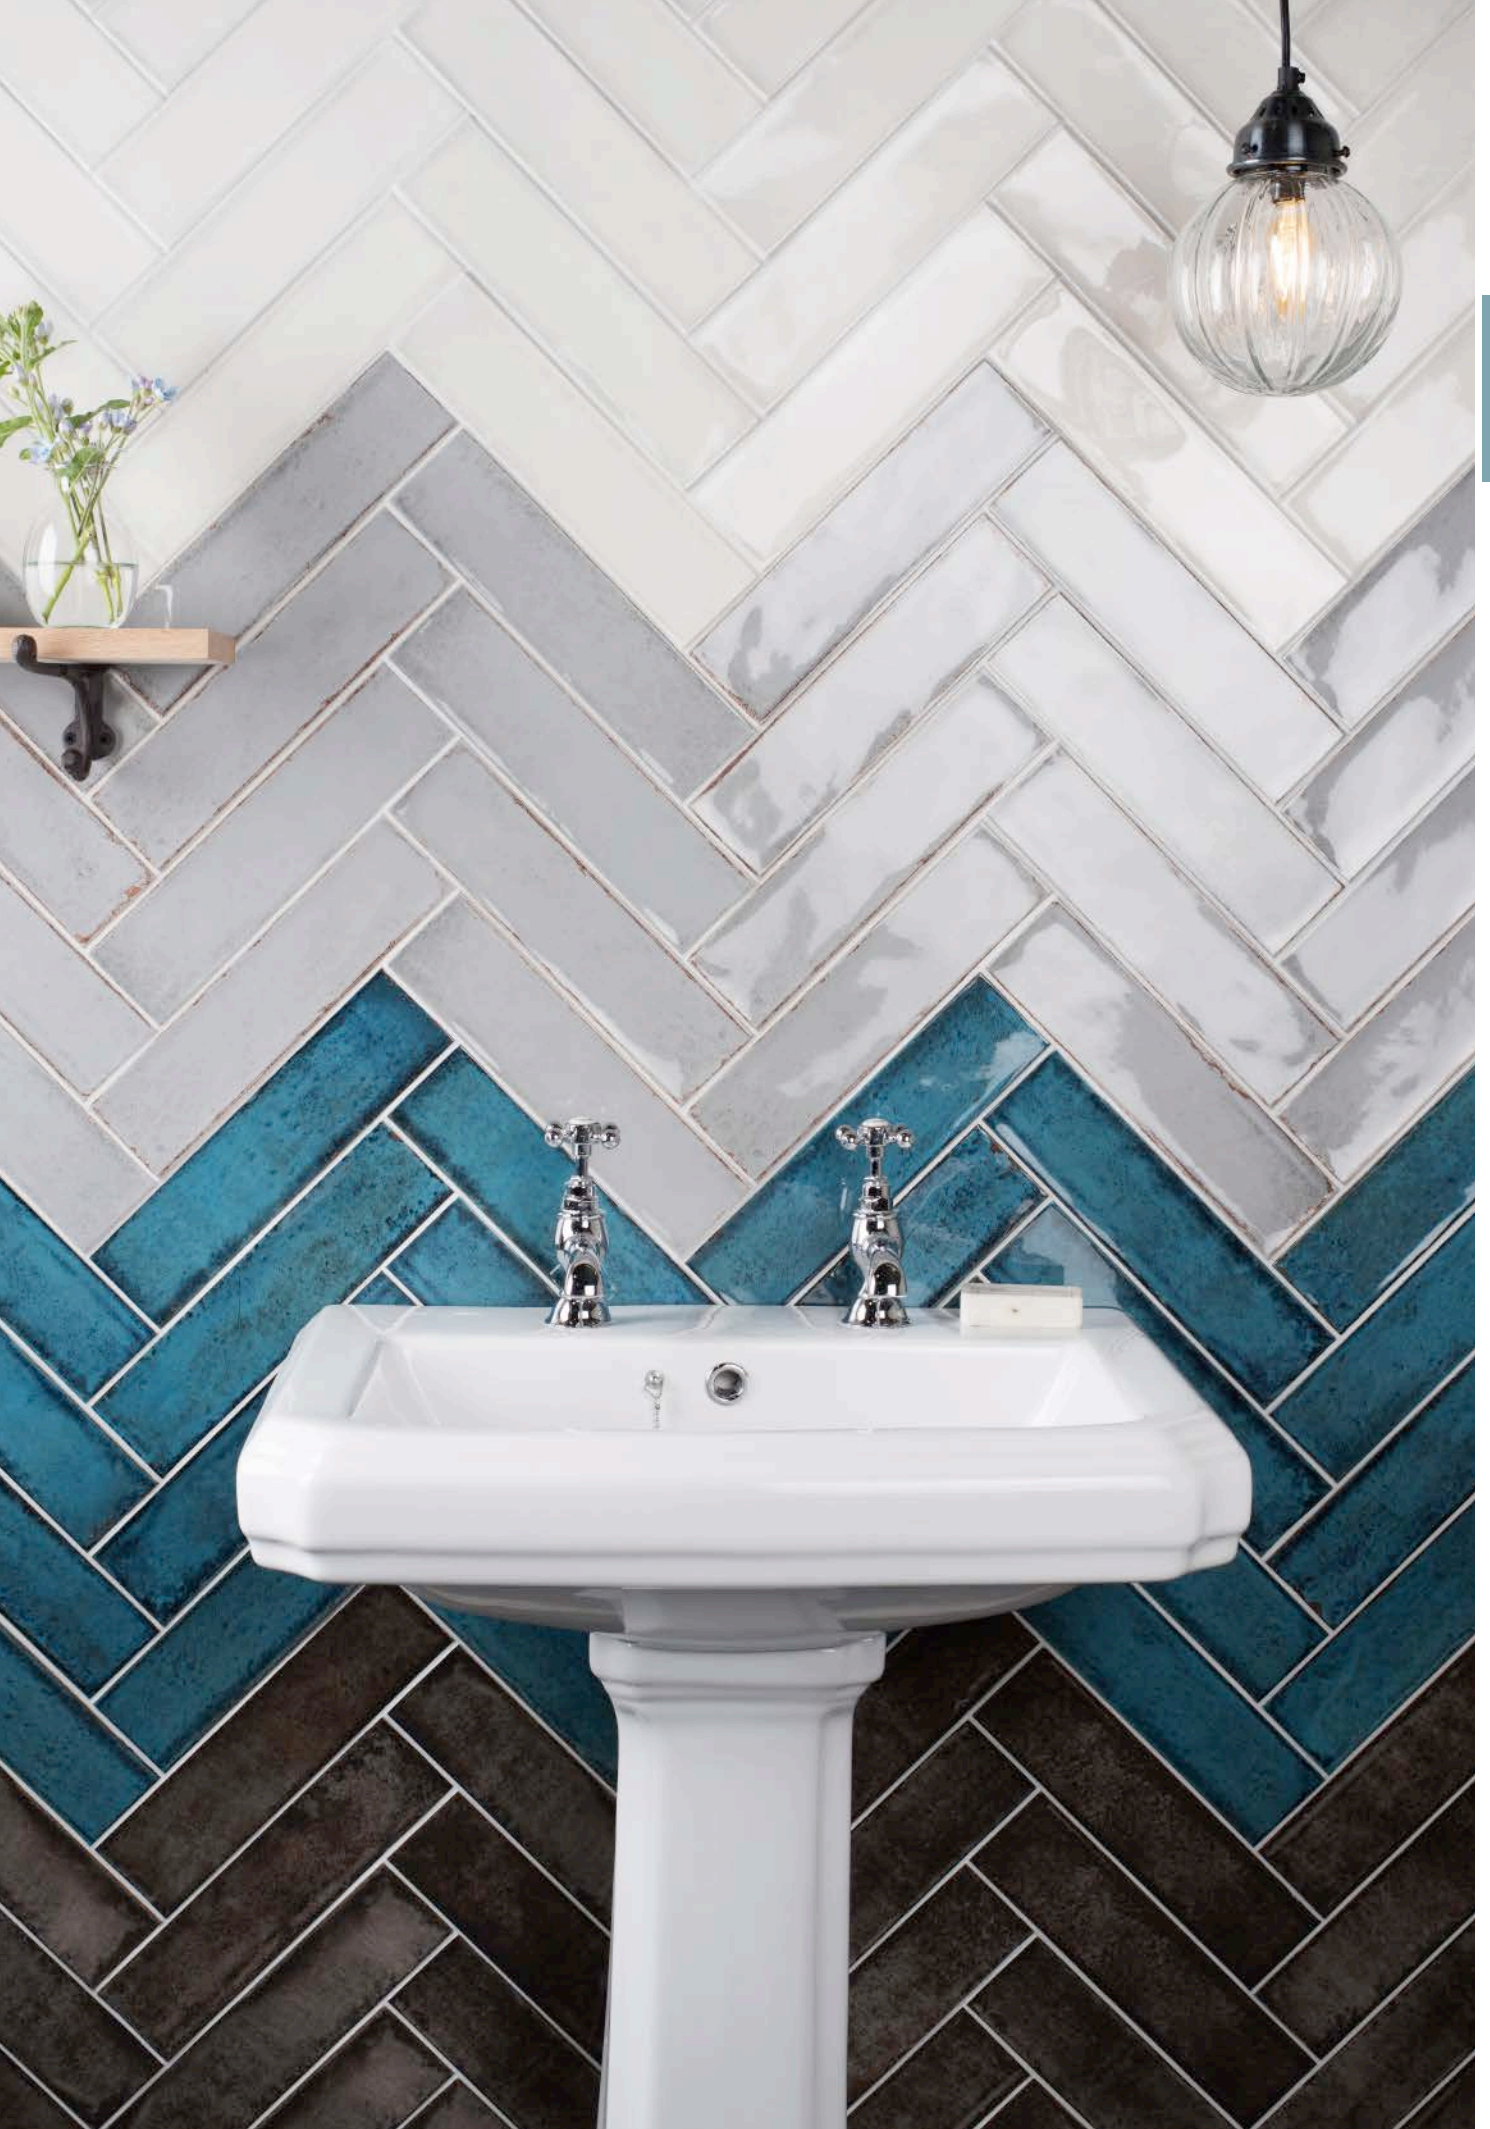

New Arrivals

The following pages showcase all the 2017 new additions, from the high shine of these Montblanc Bricks to the dark and moody Nero Marquina

Montblanc Brick

Montblanc White CS1034-3007 and Anthracite CS1037-3007

Montblanc White Bricks CS1034-3007, Pearl CS1035-3007, Blue CS1036-3007 and Anthracite CS1037-3007 See pages 120-125 for more on this range

Wall: Alamo Ash Matt CS1931-12020, Montblanc White CS1034-3007 and Anthracite CS1037-3007
Floor: Alamo Ash Slip Resistant CS1932-12020

See pages 62-63 and 120-124 for more on these ranges

Krea / Oakwood

Two more planks to add to the popular wood-effect section

Top: Shadow Décor CS1225-6030 Above: Pescara Sabbia Décor CS1964-DEC and Pescara Sabbia CS1964-6025

See pages 40-41 for more on this range

Wall: Shadow Dust CS1220-6030 **Floor:** Shadow Anthracite CS1221-6060
See pages 76-77 for more on this range

Shadow / Pescara

Light meets dusk here with Pescara's pale stone effects and the soft greys and striking pattern of Shadow

Marmi Classico Nero Marquina CS1634-12060 with Odyssey Collection Lewtrenchard Grey on Chalk 8734

See the following pages for more marble effect tiles

Marmi Classico

Black beauty –
Nero Marquina is our
darkest marble effect yet

Stone Effect

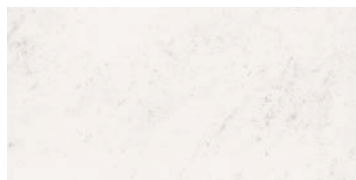

Pages 12-49

A range of incredibly realistic stone lookalikes, from dark moody marble to soft and subtle travertine

Marble Carrara

Ink jet printing of the highest quality ensures a realistic representation of marble texture and veining effects. Choose from the highly patterned Bianco Carrara on page 15 and Paonazetto on page 17, or more subtle rendering, shown here.

Bianco Pighes

CS1135-12020 • 1200 x 200 x 11mm
24kg per m²
PEI Rating: 5

Greige
CS1136-12020 • 1200 x 200 x 11mm
24kg per m²
PEI Rating: 4

Carbone
CS1137-12020 • 1200 x 200 x 11mm
24kg per m²
PEI Rating: 3

Please note: Tiles are shown in proportion to products in the same range, but not necessarily to others in this brochure. Please use the stated dimensions as your guide to actual sizes.

Magnum

Stone effect tiles that look like real marble. As with many of the stone effect tiles shown in these pages, there are several versions of each colour to mix together, ensuring a realistic result

Matt rectified glazed porcelain

Light Grey
CS1119-12020 • 1169 x 190 x 11mm
25kg per m²
PEI Rating: 4

Dark Grey
CS1118-12020 • 1169 x 190 x 11mm
25kg per m²
PEI Rating: 4

Please note: Tiles are shown in proportion to products in the same range, but not necessarily to others in this brochure. Please use the stated dimensions as your guide to actual sizes.

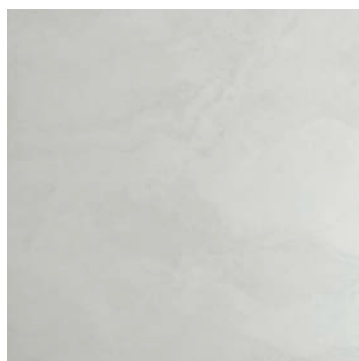

Sicily Noce CS1155-6060

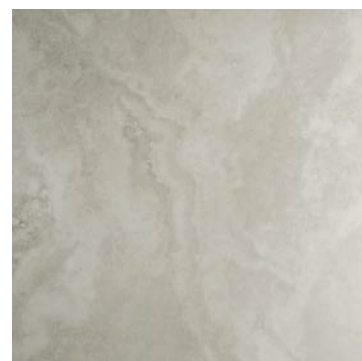

Sicily

Soft travertine stone effect tiles,
available in four colourways

Matt rectified glazed porcelain

White
CS1157-6060 • 600 x 600 x 10mm
22kg per m²
PEI Rating: 4

Grigio
CS1156-6060 • 600 x 600 x 10mm
22kg per m²
PEI Rating: 4

Sabbia
CS1154-6060 • 600 x 600 x 10mm
22kg per m²
PEI Rating: 4

Noce
CS1155-6060 • 600 x 600 x 10mm
22kg per m²
PEI Rating: 3

Please note: Tiles are shown in proportion to products in the same range, but not necessarily to others in this brochure. Please use the stated dimensions as your guide to actual sizes.

Amelia

Three gorgeous co-ordinating colours, attractive veining effects (and minimal repeats due to a large number of faces per option) and a range of sizes make Amelia a stand out choice for walls and flooring

Wall: Amelia White CS1061-9015, CS1061-9022, CS1061-9045 **Floor:** Mineral Portland Structured CS748-6060 (see page 92)

Matt rectified glazed porcelain

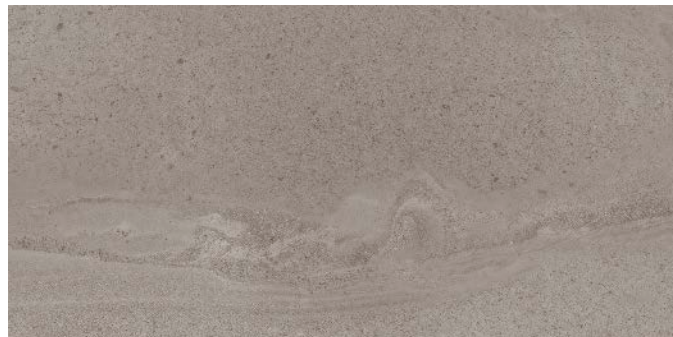

White
 CS1061-9015 • 890 x 145 x 10mm
 CS1061-9045 • 890 x 442 x 10mm
 CS1061-9022 • 890 x 220 x 10mm
 22.9kg per m² PEI Rating: 4

Wall: (facing with mirror) Amelia White CS1061-9045 (shower) Amelia Grey CS1062-9022 **Floor:** Amelia Grey CS1062-9022

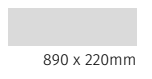

Grey
 CS1062-9015 • 890 x 145 x 10mm
 CS1062-9045 • 890 x 442 x 10mm
 CS1062-9022 • 890 x 220 x 10mm 22.9kg per m² PEI Rating: 4

Carbon
 CS1063-9015 • 890 x 145 x 10mm
 CS1063-9045 • 890 x 442 x 10mm
 CS1063-9022 • 890 x 220 x 10mm 22.9kg per m² PEI Rating: 3

In this range:

-  890 x 450mm
-  890 x 220mm
-  890 x 145mm

Due to the varied nature of each collection, tile sizes are shown in proportion with others of the same range. Tiles from other ranges may be shown at a different scale. Please observe the stated dimensions for accurate sizing.

Sandstorm

Distinctive markings and four colourways,
all suitable for walls and floors

Matt glazed porcelain

Gobi
CS1200-6030 • 600 x 300 x 10mm

25kg per m² PEI Rating: 3

We recommend that wood-effect plank tiles are only fixed in a 70/30 brickbond pattern.

Nous recommandons d'utiliser les carreaux effet plancher de bois en effet "brique" 70/30 et non 1/2.

Wir empfehlen, dass die Holzdielen-Effekt-Fliesen ausschließlich in einem Versatz im Verhältnis von 70/30 verlegt werden.

We raden aan om de hout effect tegels in een 70/30 halfsteensgewijs verband te leggen, zodat de voeg tussen twee tegels niet precies in het midden van de tegel erboven ligt.

Please note, because of their size, these tiles are not in proportion to reference images of tiles in other sections.

Merci de noter qu'en raison de leur taille ces carreaux ne sont pas en proportion avec les autres images dans les autres sections.

Es ist zu merken, daß diese Fliesen in keinem Verhältniss zu der Abbildungen von Fliesen in anderer Ausschnitten stehen.

De tegels in deze afbeeldingen zijn niet afgebeeld in dezelfde schaal als de tegels afgebeeld in andere secties.

Wood Effect

Sands

Colours that resemble the
sands of famous beaches
from around the globe

These full bodied, rectified porcelains have soft colours from white through to black. However, unlike shifting beach sand, the tiles in this collection are as solid as a rock underfoot and can be used with confidence for flooring in heavy footfall areas.

From start to finish

Get a fully integrated look with made-to-order finishing pieces

You don't need to compromise on finishing pieces such as skirtings, bullnose edges and gradino profiles (step treads). You can choose to have these made for you from the same tiles* as the rest of your order. Simply talk to your Original Style Tileworks retailer about what you are looking for and they will be added to the rest of your order. We will engineer these pieces at our in-house facilities to your specific installation requirements.

** The following tiles are the most suitable to make into these finishing pieces: Mineral Range (all finishes), Africa Range (all finishes), Sands Range, Dream Beige, Illusion White and Fantasy Black. For other product ranges we recommend that you discuss the options with your retailer.*

2 Floor coverings in areas that are walked on by soft soled or normal footwear with low traffic and occasional scratching / Revêtements pour les sols sur lesquels on marche avec des chaussures aux semelles souples ou normales, où le passage est faible et où le risque de rayures est peu élevé / Bodenbeläge für Bereiche, die mit weich besohnten oder normalen Schuhen betreten werden. Geringer Durchgangsverkehr, gelegentliche Kratzer / Vloerooppervlak op plaatsen met licht verkeer en incidentele krassen waar men op loopt met schoenen met zachte zolen of normale schoenen

3 Floor coverings in areas that, with normal footwear, are walked on more often with small amounts of scratching and dirt. Suitable for residential kitchens, halls and corridors / Revêtements pour les sols sur lesquels le passage avec des chaussures normales est plus fréquent, et où rayures et salissures sont légères. Convient aux cuisines, aux halls et aux couloirs domestiques / Bodenbeläge für Bereiche, die mit normalem Schuhwerk betreten werden. Geringe Kratzer und Verschmutzungen. Geeignet für Wohnküchen, Flure und Dielen / Vloerooppervlak op plaatsen waar men, met normale schoenen, vaker loopt met kleine hoeveelheden vuil en krassen. Geschikt voor huishoudelijke keukens, hallen en gangen

4 Floor coverings that are walked on by regular traffic with some scratching dirt. Suitable for entrances, commercial kitchens etc / Revêtements pour les sols sur lesquels le passage est régulier avec salissures et rayures. Convient aux entrées, aux cuisines commerciales, etc / Bodenbeläge für Bereiche mit regelmäßigem Durchgang und gewissen Kratzverschmutzungen. Geeignet für Eingänge, Großküchen etc / Vloerooppervlak op plaatsen waar regelmatig op wordt gelopen met wat krassend vuil. Geschikt voor ingangen, commerciële keukens, enz

5 Floor coverings that are subject to severe pedestrian traffic over sustained periods with some scratching dirt. Suitable for shopping centres, airport concourses, hotel foyers etc / Revêtements pour les sols sur lesquels le passage est intense sur de longues périodes, avec salissures et rayures. Convient aux centres commerciaux, aux halls d'aéroport, aux réceptions d'hôtels, etc / Bodenbeläge für Bereiche mit starkem Fußgängerverkehr über längere Zeiträume mit gewissen Kratzverschmutzungen. Geeignet für Einkaufszentren, Flughafengebäude, Empfangshallen etc / Vloerooppervlak op plaatsen die worden blootgesteld aan een grote hoeveelheid voetgangers gedurende langere perioden met krassend vuil. Geschikt voor winkelcentra, luchthavenhallen, hotelfoyers, enz

Deep abrasion wear ratings

Wear rating: for unglazed porcelains in line with ISO 10545-6 (<175mm³) Passes current tests for deep abrasion in line with ISO 10545-6

Taux d'usure : pour les porcelaines et les céramiques non émaillées, selon la norme ISO 10545-6 (<175mm³) Ces carreaux satisfont les normes d'essai actuelles d'abrasion profonde conformément à ISO 10545-6

Verschleißwerte: für unglasiertes Feinsteinzeug und unglasierte Keramik, nach ISO 10545-6 (<175 mm³) Diese Fliesen entsprechen der höchsten Abnutzungsprüfungsklassifizierung nach ISO 10545-6

Slijtagebestendigheid: voor ongeglazuurd porselein en keramiek conform ISO 10545-6 (<175 mm³) Deze tegels doorstaan de actuele slijtagebeoordelingen conform ISO 10545-6

Large Formats

We do not recommend the use of large format ceramic or porcelain tiles in a 50:50 brickbond pattern installation. The reason for this is that slight curvature in the tile may become noticeable and may not be deemed to be visually acceptable.

Nous déconseillons d'utiliser des carreaux grand format en céramique ou en porcelaine dans les installations aux motifs « mur de brique 50:50 ». En effet, ce type d'installation risque d'accroître la légère courbure de ces carreaux, ce qui pourrait altérer défavorablement l'effet visuel recherché.

Großformatige Keramik- und Porzellan-Fliesen werden für die Verlegung im 50:50 Backsteinmuster nicht empfohlen, da mögliche leichte Krümmungen in den Fliesen dadurch sichtbar werden und ein visuell nicht zufriedenstellendes Resultat ergeben könnten.

Wij adviseren tegen het gebruik van keramische of porseleinen tegels met een groot formaat in een baksteen patroon (50:50 brickbond) installatie. De reden hiervoor is dat de lichte kromming in de tegel duidelijker zichtbaar kan zijn. Dit kan een minder visueel aanvaardbaar eindresultaat veroorzaken.

Slip testing

Pendulum test BS7976-2

This test is designed to simulate the action of a slipping foot and uses a weighted swinging arm which contacts the surface of the tile with a standard rubber slider that represents the rubber sole of a shoe in both dry and wet conditions. The slip resistance is the upswing measured from a scale on the instrument. The greater the upswing, the lower the slip resistance and the greater the slip potential.

Accepted limits for flooring using this technique are:

SLIP POTENTIAL	SLIP RESISTANCE VALUE USING 4S96 RUBBER SLIDER
High	0 to 24
Moderate	25 to 35
Low	36+

Pendulum test BS7976-2

(Transport & Road Research Laboratory)

As above, to determine the wet co-efficient of friction using a TRRL rubber slider to represent barefoot in wet conditions (to test as appropriate).

Accepted limits for flooring using this technique are:

SLIP POTENTIAL	SLIP RESISTANCE VALUE TRRL 55 RUBBER SLIDER
High	19 and below
Moderate	20 to 39
Low	40 to 74

The testing is conducted in-house.

Slip readings - please note:

Values issued by Original Style for slip resistance relate to the test results as supplied from Lucideon or from in-house testing. These values can change during the lifetime of a tile as a result of the following factors: Surface wear / Poor cleaning regimes / Sealants or wax coatings, correctly or incorrectly applied / Chemical exposures which may acid etch the surface / Body fats build up especially when placed in barefoot areas. If in any doubt always retest the surface on a regular basis.

Important information Informations essentielles

Nominal dimensions

We quote nominal dimensions throughout this brochure which are subject to slight variation within internationally accepted standards.

Shade variation

Shade variation is an inherent feature of Tileworks porcelain and ceramic tiles. We recommend that tiles are loosely laid out and 'blended' prior to fixing to achieve the most pleasing distribution of shades. Differences between batches can be more marked, for this reason we recommend that you buy all the tiles at one time. No liability for shading issues can be accepted after installation.

Adhesives, grouts and sealing

Always use high quality adhesives and grouts following manufacturers' recommendations for their use and suitability for the type of tile, the application and the substrate being tiled. As with any polished surface, polished porcelain is susceptible to staining if it is not protected with an appropriate sealer such as LTP MPG Sealer. We recommend that all of our polished porcelains are treated with an appropriate product. Always follow the manufacturer's instructions.

Dream Beige CS523-6030, CS523-6060, page 114: Some batches of this polished porcelain may have been treated with a nano coating after manufacture, which means they do not need to be sealed. Please refer to our Fixing Guide at www.originalstyle.com/fixing-html for full details of how to test for the nano coating and subsequent sealing procedure.

Installation, adhesives, grouts, sealants, cleaning and maintenance

Please refer to our Fixing Guide at www.originalstyle.com/guides before commencing any installations as Original Style cannot accept responsibility for any faults after tiles have been fixed. Original Style will not be held liable for any claims regarding the inappropriate use of sealing, adhesives or grouting materials. For technical queries, please contact our technical department at info@originalstyle.com

Photography

Owing to variations in studio lighting and printing inks, the tile colours shown in this catalogue may differ slightly from those of the actual tiles.

Limits of liability

Original Style accepts no liability for the faulty installation of its products. In the case of any claim relating to the tiles themselves, Original Style's liability, to the extent permitted by law, is limited to either the replacement of the product or a refund of the cost of the product, and does not extend to cover any consequential loss. Claims must be reported within seven working days from receipt of the tiles. Tiles must be inspected prior to installation and claims cannot be considered after the tiles have been installed. Please be advised that installation constitutes acceptance of the quality, size, colour, texture and shade of the tiles. Original Style warrants that its tiles conform to their description and are fit for their purpose. Original Style makes no other express or implied warranty as to fitness or suitability of the products for particular installations. We extend no guarantees, express or implied, as to wear resistance or maintenance procedures.

It is imperative to follow sealer, grout and adhesive manufacturers' instructions regarding their suitability with our products. If in doubt please consult the sealer/grout/adhesive stockist from whom you purchased the products. Original Style makes no representations as to the fitness for purpose of third party sealants, adhesives and grouts. Please note the use of certain acid based cleaning products may cause some of the tiles to react and change in character.

Dimensions nominales

Les dimensions indiquées dans cette brochure correspondent aux dimensions nominales, qui sont sujettes à de légères variations dans les limites des normes internationalement admises.

Nuances de teinte

Les nuances de teinte sont une caractéristique inhérente aux carreaux en céramique et porcelaine Tileworks. Nous vous conseillons de positionner et d'assortir les carreaux avant de les cimenter afin d'obtenir la meilleure distribution possible des nuances. Les différences peuvent être plus flagrantes entre les lots; pour cette raison, nous vous recommandons d'acheter l'ensemble de vos carreaux en même temps. Une fois la pose réalisée, tout problème lié aux nuances de teinte ne saurait donner lieu à réclamation.

Colles et mortiers

Utilisez systématiquement des colles et mortiers de haute qualité, en respectant les recommandations des fabricants en termes d'utilisation et de convenance vis-à-vis du type de carrelage, du mode d'application et de la surface à carrelar.

Imperméabilisation

Comme toute surface polie, la porcelaine risque de se tacher si elle n'est pas protégée avec un produit imperméabilisant adapté. Nous recommandons de traiter toutes les porcelaines polies avec un produit adapté en suivant toujours les instructions du fabricant.

Dream Beige CS523-6030, CS523-6060, page 114: Après fabrication, un revêtement nano a été appliqué sur certains lots de ces porcelaines polies, si bien qu'il n'est pas nécessaire de les imperméabiliser. Veuillez consulter notre Guide d'installation sur www.originalstyle.com/guides pour savoir comment vérifier si un revêtement nano a été appliqué et vous familiariser avec les éventuelles procédures d'imperméabilisation.

Installation, adhésifs, joints, imperméabilisants, nettoyage et entretien

Merci de vous reporter au guide d'installation sur www.originalstyle.com/guides avant de commencer l'installation de votre carrelage Original Style car nous ne pouvons accepter la responsabilité pour les défauts une fois l'installation faite. Original Style déclinera toute responsabilité en cas de réclamation concernant un usage inadéquat de produits imperméabilisants, de colles ou de ciments.

Pour tout renseignement technique, veuillez contacter notre département technique sur info@originalstyle.com

Photographies

En raison des variations au niveau de l'éclairage du studio et des encres d'impression, les couleurs affichées dans ce catalogue sont susceptibles d'être légèrement différentes de celles des carreaux réels.

Limitation de responsabilité

Original Style dégage toute responsabilité en cas d'installation incorrecte de ses produits. En cas de réclamation relative aux carreaux eux-mêmes, la responsabilité d'Original Style sera confinée, dans la limite autorisée par la loi, au remplacement du produit ou au remboursement du prix du produit, et ne couvre pas les dommages indirects. Toute réclamation doit être effectuée dans les sept jours suivant la réception des carreaux. Les carreaux doivent être inspectés avant installation. Aucune réclamation ne sera prise en compte une fois les carreaux installés. Notez que l'installation du carrelage constitue l'acceptation de la qualité, de la couleur, de la texture, de la taille et de la teinte des carreaux. Original Style garantit que ses carreaux sont conformes au descriptif fourni et qu'ils sont adaptés à l'usage pour lequel ils sont prévus. Original Style ne formule aucune garantie expresse ou implicite supplémentaire vis-à-vis de l'adéquation ou de la compatibilité de ses produits dans des installations spécifiques. Nous ne formulons aucune garantie, expresse ou implicite, vis-à-vis de la résistance à l'usure ou des procédures d'entretien.

Il est impératif de suivre les instructions des fabricants de colles et de ciments-joints afin d'en vérifier la compatibilité avec nos produits. En cas de doute, consultez le revendeur qui vous aura fourni la colle ou le ciment-joint. Original Style n'assumera aucune responsabilité en ce qui concerne la compatibilité ou l'usage de colles et de ciments-joints tiers. Veuillez noter que l'utilisation de certains produits nettoyants à base d'acide peut provoquer des réactions sur certains carreaux et en modifier les caractéristiques.

Wichtige Informationen

Nennmasse

In dieser Broschüre werden Nennmaße angegeben die innerhalb internationaler gültigen Standards leicht veränderlich sind.

Variationen des Farbtons

Bedingt durch den Herstellungsprozess entstehen geringfügige Farbvariationen. Wir empfehlen, die Fliesen vor dem Verkleben lose zu verlegen und dann zu "mischen", um die angenehmste Verteilung der Farbtöne zu erreichen. Unterschiede zwischen mehreren Chargen können ausgeprägter sein, daher empfehlen wir Ihnen, alle Fliesen auf einmal zu kaufen. Nach der Verlegung der Fliesen kann keinerlei Haftung für Probleme mit dem Farbton mehr übernommen werden.

Kleber & fugenmörtel

Verwenden Sie immer qualitativ hochwertige Kleber und Fugenmörtel und befolgen Sie die Herstelleranweisungen in Bezug auf deren Verwendung und Eignung für die Fliesenart, die Anwendung und den zu fliesenden Untergrund.

Versiegelung

Wie bei jeder polierten Oberfläche ist auch poliertes Porzellan anfällig für Fleckenbildung, wenn es nicht mit einer geeigneten Versiegelung geschützt wird. Wir empfehlen, dass alle unsere polierten Porzellanfliesen mit einem geeigneten Produkt behandelt werden. Folgen Sie immer den Anweisungen des Herstellers.

Dream Beige CS523-6030, CS523-6060, Seite 114: Einige Chargen dieser polierten Porzellanfliesen wurden nach der Herstellung mit einer Nano-Beschichtung behandelt, und brauchen daher nicht zu versiegelt werden. Lesen Sie bitte unsere Installationsanleitung unter www.originalstyle.com/guides für ausführliche Informationen, wie eine Nano-Beschichtung bestimmt werden kann und für anschließende Versiegelungsverfahren.

Installation, kleber, fugenmörtel, versiegelungsmittel, reinigung und pflege
Bitte lesen Sie vor Beginn der Installation die Installationsanleitung unter www.originalstyle.com/guides, da Original Style keine Haftung für Fehler übernehmen kann, nachdem die Fliesen befestigt wurden. Original Style übernimmt keine Haftung für jegliche Ansprüche in Bezug auf die inkorrekte Verwendung von Versiegelungen, Kleber oder Fugenmaterialien.

Bei technischen Fragen wenden Sie sich bitte an unsere technische Abteilung unter info@originalstyle.com

Photographie

Aufgrund variierender Beleuchtungsverhältnisse im Studio oder bei Druckfarben können die im Katalog zu sehenden Farben geringfügig von der tatsächlichen Farbgebung abweichen. Bevor Sie Ihre Auswahl treffen, sollten Sie immer zuvor einen Einzelhändler für Original Style nach Mustern fragen.

Haftungsbeschränkung

Original Style übernimmt für die fehlerhafte Installation seiner Fliesen keine Haftung. Sollte es Reklamationen bezüglich der Fliesen selbst geben, dann beschränkt sich die gesetzlich eingeräumte Haftung von Original Style lediglich auf den Artikelaustausch oder Kostenrückerstattung. Weitere Schäden werden nicht abgedeckt. Vor der Installation sind die Fliesen zu prüfen. Nachträgliche Reklamationen können nicht berücksichtigt werden.

Bitte beachten Sie, dass Sie durch die Installation anzeigen, dass hinsichtlich Qualität, Farbgebung, Textur, Größe oder Schattierung keine Beanstandungen vorliegen. Original Style gewährleistet die beschreibungs- und zweckgemäße Fabrikationsausführung der Fliesen.

Original Style gibt keine weiteren ausdrücklichen oder impliziten Garantien hinsichtlich Eignung der Artikel für besondere Installationsarten. Wir geben weder ausdrücklich noch implizit eine Garantieverlängerung auf Abnutzungsverhalten oder Wartungsarbeiten. Beachten Sie bitte, dass die Fliesen auf Säure basierte Reinigungsmittel reagieren und ihr Aussehen verändern können.

Belangrijke informatie

NOMINALE AFMETINGEN

Tegelafmetingen kunnen enigszins afwijken van de nominale afmetingen binnen internationaal geaccepteerde standaarden.

KLEURNUANCES

Uiteenlopende kleurnuances zijn een inherente eigenschap van porseleinen en keramische tegels van Tileworks. Voordat u gaat tegelzetten bevelen wij u aan om alle bestelde tegels eerst te mixen, waardoor er prachtige kleurschakeringen ontstaan. Wij raden u aan alle benodigde tegels in 1 keer te bestellen, omdat er verschillen kunnen zijn tussen de serie tegels onderling. Als de tegels eenmaal zijn gezet, kunnen wij niet aansprakelijk worden gehouden voor mogelijke ontevredenheid over de nuanceverschillen.

LIJMEN EN VOEGMIDDELEN

Gebruik altijd lijm en voegmiddel van hoge kwaliteit en volg de richtlijnen van de producenten op inzake gebruik en geschiktheid voor het type tegel, het aanbrengen en de ondergrond die wordt betegeld.

IMPREGNEREN

Net als voor alle andere gepolijste oppervlakken het geval is, kan gepolijst porselein vlekken gaan vertonen als het niet is behandeld met een hiervoor bestemd impregneermiddel. We raden aan dat al onze gepolijste porseleinen tegels worden behandeld met een hiervoor bestemd product. Volg altijd de aanwijzingen van de producent op.

Dream Beige CS523-6030, CS523-6060, pagina 114: sommige partijen van dit gepolijste porselein zijn wellicht behandeld met een nanocoating na productie. Dit betekent dat ze niet hoeven te worden geïmpregneerd. Raadpleeg onze installatiegids op www.originalstyle.com/guides voor meer informatie over hoe u te weten kunt komen of een nanocoating is aangebracht, en over de daaropvolgende impregneerprocedure.

Installatie, lijmen, voegmiddelen, impregneermiddelen, reiniging en onderhoud

Raadpleeg de installatiegids op www.originalstyle.com/guides voordat u begint met het leggen, aangezien Original Style niet verantwoordelijk is voor defecten nadat de tegels zijn gezet. Original Style is niet aansprakelijk voor claims gerelateerd aan het onjuiste gebruik van impregneer-, lijm- of voegmaterialen.

Neem contact op met onze technische afdeling via info@originalstyle.com voor technische problemen.

Fotografie

Als gevolg van variaties in studiobelichting en printinkten kunnen de in deze brochure afgebeelde kleuren enigszins afwijken van die van de daadwerkelijke tegels. We raden altijd aan dat u uw Original Style-leverancier vraagt om enkele voorbeelden.

Aansprakelijkheidsbeperking

Original Style is niet aansprakelijk voor de verkeerde installatie van zijn producten. In geval van claims met betrekking tot de tegels zelf is de aansprakelijkheid van Original Style, voor zover dit wettelijk is toe gestaan, beperkt tot het vervangen van het product of het vergoeden van de kosten van het product, en is gevolgschade niet inbegrepen. Claims moeten binnen zeven werkdagen na ontvangst van de tegels worden ingediend. De tegels moeten worden geïnspecteerd voordat deze worden gezet. Claims worden niet behandeld nadat de tegels zijn gezet. We wijzen u erop dat tot de zetting het aanvaarden van de hoeveelheid, kleur, structuur, afmetingen en schakering van de tegels behoort.

Original Style garandeert dat zijn tegels overeenkomen met hun omschrijving en geschikt zijn voor het beoogde gebruik. Original Style maakt geen andere uitdrukkelijke of impliciete garanties met betrekking tot de geschiktheid van de producten voor bepaalde installaties. We maken geen garanties, uitdrukkelijk of impliciet, ten aanzien van slijtagebestendigheid of onderhoudsmaatregelen.

Het is van groot belang dat de instructies van de producent voor voeg- en lijmiddelen worden opgevolgd ten aanzien van hun geschiktheid in combinatie met onze producten. Raadpleeg de leverancier van de voeg- en lijmiddelen van wie u de producten hebt gekocht in geval van twijfel. Original Style maakt geen beweringen over de geschiktheid voor gebruik van de lijmen en voegmiddelen van derde partijen. We wijzen u erop dat het gebruik van bepaalde bijtende reinigingsmiddelen kan leiden tot een reactie van de tegels, waarvan het uiterlijk kan veranderen.
